

CUTTER

Q1

The ideal cutter for those hard to reach places. With its swivelling head it is able to reach the places where other tools can not. Where your fist can go, the Q1 will go with you. With an amazing performance it is able to cut much more than just a pedal. It is even able to spread! We have users convincing fellow rescuers that the Q1 can beat dedicated cutters and use it on everything they see! For whatever reason you purchase it, we can guarantee you will want it take it for a spin.

Features:

- UltimatePressure

Facts:

- Lightest, most powerful, versatile cutter in its class
- Lightest in its class
- Most powerful confined space combi-cutter
- Highest safety factors on critical parts

**PRESSURE™
ULTIMATE**

Q1 Confined space cutter: the tool to use in hard to reach places

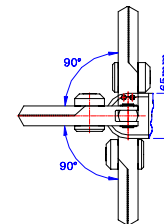

Narrow body: so where your fist can go the Q1 will go with you.

Separated control: for secure control over the tool, or able to be operated by a wingman

Quick connectors: easy and fast to connect. Automatic locking and flat-face design prevent sand and dirt from getting in the couplers. A rescuers' favorite

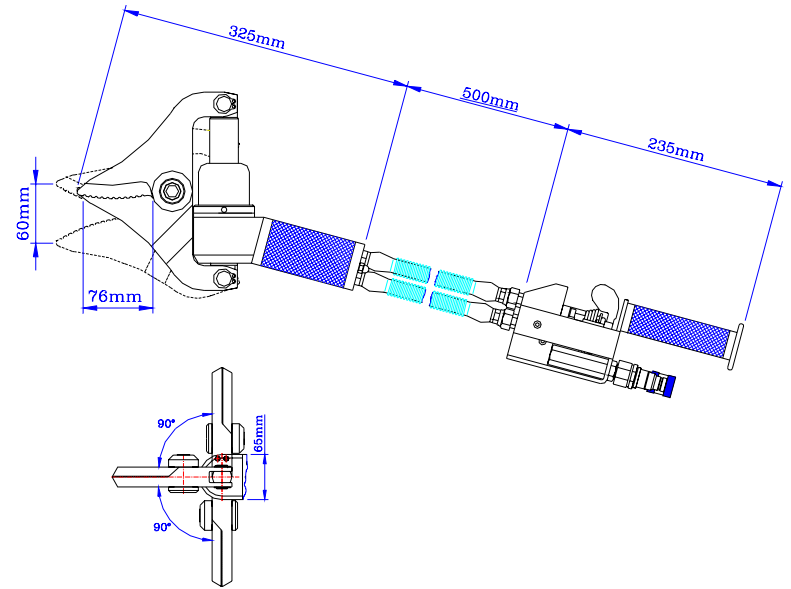

180° swiveling head: you will be able to position the blades correctly. Confined space is never straightforward...

Advanced blade design: gives you control over the cutting action
